Date: August 13, 2020

To all Swan River Elders:

Tansi, Swan River First Nation Elders.

Swan River First Nation has formed an Economic Development Board in order to help oversee the Agricultural Benefits Trust and to explore economic develop opportunities for the Nation. As per decision of Chief and Council, there should always be an elder on that board to represent the history and will of the Nation.

It is very important to us that any business opportunities that the nation considers are a good cultural match with our Nation and so having elders involved in that process is vital to ensuring that we are not going against who we are as a Nation.

We invite all elders of the Nation to attend a short meeting on Friday, September 18, 2020 at 2:00 PM in the hall, to nominate and appoint a representative to sit on the board. This process takes place yearly so that different elders get a chance to be directly involved in the process.

Council has also decided to pay \$50 honoraria to all the attendees.

We thank everyone for the participation.

M. Rafi Khan, CPA, CGA
Chief Executive Officer
