December 3, 2020

Tansi, the decision was made to close our office from December 14, 2020 to January 8, 2020 there is contact info at the bottom of this page. We are also going to start monitoring the roads in and out.

Chief and Council would like to assure you that all of our staff are taking all necessary steps and precautions to try and protect our community from the spread of the COVID-19 virus.

There will be steps taken in all of our public buildings to protect staff and all band members but we will still be delivering services as needed. Directors will provide how they can be reached without people having to come in and put themselves and others at risk. All of these things are in attempt to avoid any outbreaks of this virus and insulate our community. We are a small community, if everyone is taking precautions, we could avoid any major impacts from this virus.

One of our main concerns is elders over 60 and chronically ill, which are the 2 categories of high-risk individuals. The Health Centre staff and others will be available to shop for elders and will make sure they are safe in handling groceries and other items that they will then deliver to elder's homes in a safe and coordinated way. It may not be possible to avoid each other, but all precautions should be taken around our elders to ensure that we avoid any chance of getting them sick. Let us stick together and keep each other safe. By the end of this, I would like to say that if we work together, we will be able to largely avoid spreading this sickness in our community.

If you need masks, gloves or sanitizer please get a hold of Donna Holmes.

For all Post-Secondary students, if you wish to get a hold of Paula Cardinal please email: paulacardinal@hotmail.com

Housing will only be working on housing emergencies ONLY everything else is on hold until further notice, please call Jerry, Darrell or Trent for house calls.
